

Transforming Spaces with Biophilic Design

At Plant Solutions, we specialize in creating stunning, custom-designed artificial plants, moss walls, and living walls that bring the beauty of nature into your space. From maintenance-free artificial plants to preserved moss art and artificial living walls, we offer biophilic solutions that inspire, relax, and elevate any setting.

Let us help you transform your space with a design that's as unique as you are.

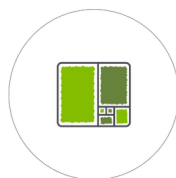

part art, part science

Transform your vision into reality with our bespoke design and build services. From concept to installation, we craft unique biophilic designs tailored to your space and style.

Bring greenery into your space effortlessly with our premium artificial plants. Designed to mimic natural beauty, they're perfect for homes and businesses seeking a hassle-free touch of nature.

Experience timeless, eco-friendly elegance with our preserved moss walls. These maintenance-free installations provide natural beauty and acoustic benefits, customized to fit your space.

Elevate your space with stunning, maintenance-free plant walls. Our artificial plant walls offer a lush, lifelike aesthetic that enhances any environment while requiring zero upkeep.

frequently asked questions

1

What are your artificial products made of?

Our artificial plants are crafted from high quality materials like polyethylene, silk, and preserved moss to ensure durability, realistic appearance and long-lasting beauty

2

Can I customize my artificial installation?

Absolutely! We specialize in custom designs tailored to your space and style. From specific colors and texture to unique patterns or signage, we'll bring your vision to life.

3

Are artificial plants suitable for outdoor use?

Yes! We offer UV protected artificial plants and walls designed to resist fading and maintain their vibrant appearance in outdoor conditions.

4

How do I maintain artificial plants and walls?

Our artificial products require minimal maintenance. Simply dust occasionally with a soft cloth to keep them looking fresh.

5

Do you provide design services for entire spaces?

Yes, we offer comprehensive design solutions for interiors and exteriors. Whether you're looking to enhance a single room, an entire home, or a patio.

6

How is pricing determined?

Pricing varies based on size, materials, and complexity of the design. Each project is unique and we'll provide a personalized quote to match your needs and budget.

7

Can artificial plant walls include signage?

Yes! We can integrate logos, patterns, and colors into your plant walls to align with your brand or decor.

8

Are moss walls sustainable?

Our preserved moss is sustainably harvested using methods that allow natural regeneration. This ensures an eco-conscious approach while delivering beautiful, long-lasting designs.

9

What if I don't know what I want yet?

No problem! Our team is here to help. We'll guide you through the design process, offering ideas and examples to create a solution that's perfect for your space.

10

How long does a custom project take?

Most projects are completed within 4-6 weeks, depending on the size and complexity of the design. Our team will provide a detailed timeline during the consultation process.

11

Can you work with my interior designer or architect?

Of course! We collaborate with designers, architects, and contractors to seamlessly integrate our products into your project.

12

Can you create a small standalone project?

Absolutely! We specialize in projects of all sizes, from small moss art pieces to large-scale integrated walls.
